

Volunteer Opportunities

Thank you for your interest in volunteering with Rebuilding Together! Since our inception in 1989, we have relied heavily on the work of volunteers to carry out our mission. Without our volunteers we would not have been able to repair and renovate over 1,500 homes in 35 communities and carry out dozens of community revitalization projects.

Rebuilding Day is our biggest volunteer day. It is held annually on the last Saturday in April and is scheduled for April 28, 2018. However, many of our volunteer opportunities are available at different times of the year and/or involve volunteering for more than one day.
